100% of your equity applies to purchase!

Our rental program has provided quality instruments to students and schools for years. Learning to play a stringed instrument can lead to lifelong involvement with music. Learning from a qualified teacher on a first-rate instrument will enhance the students' enjoyment and create a positive environment for artistic expression and musical appreciation.

Our rental program is designed with the student and teacher in mind. It is simple, affordable and the best value available anywhere. For a minimal fee, our rental program provides the opportunity to acquire a stringed instrument sized to fit any child. Each instrument is professionally setup right in our shop by our master craftsmen and guaranteed by us for as long as the student rents. All of your rent equity applies toward the purchase of a quality instrument. And, as the student's enjoyment and participation in music grows, our service and support will grow right along with them.

Trade-in / Trade-up Policy

The Wyatt Violin Shop's "Trade-in/Trade-up" policy allows a musician a flexible, affordable way to exchange instruments as their musical needs grow. Whether it is changing sizes or stepping up to a better instrument, "Trade-in/Trade-up" keeps the musician in the instrument best suited for them.

Customers purchasing an instrument at The Wyatt Violin Shop have up to 100% of their purchase price to apply to their next instrument.

1. Trade-in/Trade-up applies only to the original purchaser. It is not transferable or assumable by a third party.
2. Trade-in/Trade-up assumes the instrument or bow is in fine working condition. The Wyatt Violin Shop reserves the right to assess maintenance and damage costs, adjusting the percentage of allowable Trade-in/Trade-up accordingly. (Minimal charges you could expect would be \$45 for a new bridge, \$45 cleaning and setup charge, the cost of new strings, etc....)
3. Customers may use the Trade-in/Trade-up policy for any similar (e.g. violin - violin; cello - cello) instrument. There are no limits on how much (or how little) the equity difference. No cash refund is given should the customer choose an instrument that is less than their equity. Multiple instruments purchased from the Wyatt Violin Shop cannot be combined to trade for a single instrument.
4. Trade-in/Trade-up may not be applied toward the purchase of strings or other accessories. Cases and other "consumable items" are not considered part of the Trade-in/Trade-up policy.
5. Certain sales are exempt from the Trade-in/Trade-up policy such as consignment instruments, special "as-is" sales, sales to schools and organizations, and fretted instruments.
6. Instrument outfits purchased through the Wyatt Violin Shop rental program, a payment plan, or any new instruments are eligible for trade in up to 70% of their full purchase price due to depreciation. And may be subject to reconditioning fees in addition.
7. Only one-of-a kind, hand made, or vintage violins & bows are eligible for 100% trade in.
8. The Trade-in/Trade-up policy does not make any provisions for nor imply that The Wyatt Violin Shop will "re-purchase" an instrument or bow.
